Our

# STORY

Our story as local farmers and food producers began over 100 years ago, back through 5 generations when the Bowles family began farming in Winsley, Wiltshire. Today our farm is still going strong, but now produces grass-fed, native breed beef for our two farm shops and kitchens on our farm at Hartley and now at Neston Park. When we opened our farm shop at Hartley over ten years ago, our aim was pretty simple: to create great food and champion everything that goes with it. From cooking amazing dishes and discovering new ingredients to simply supporting our local food chain. This remains our goal today. Like on any farm, we believe the farm kitchen is the hub. A place to meet, rest and gather over a love

of great food. We use the best ingredients, working with the amazing producers we have on our farm and our doorstep. All our meat is prepared by our own butchers at Hartley who source directly from our own farm and local farmers who share our ethos for quality, animal welfare and traceability. Our eggs are free range from just down the road from Southview Farm and, when in season, our fruit, vegetables and salads are picked by Kate, our very own grower at Hartley Farm. Many of the ingredients we use are stocked in our farm shop so if there is something in particular you enjoyed and would like to take home, just ask us!
